## National GreenEarth Distribution

### Stelco Begins Delivering GreenEarth Solvent

**Melbourne, Vic 1st April 06** Andrew Bradley and Dr. Ricky Chan are very excited to begin distribution of the GreenEarth solvent.

Stelco becomes the first Australian wide Authorised GreenEarth Silclean supplier.

As the largest supplier to the Drycleaning industry in Australia with a proven track record as an industry leader and supporter, this distribution will continue to strengthen the GreenEarth system.

#### **Supporting the drycleaning industry**

It was apparent to Stelco from the very early days of GreenEarth, that here was a technology with the potential to have a significant impact on the Dry Cleaning industry. This potential has now converted into reality, and it is obvious GreenEarth will be of significant importance to the Australian Dry Cleaning industry in to the future.

Since Stelco's inception some 45 years ago, servicing the Dry Cleaning industry has been the core of the business and it will remain so, hence it was seen as imperative that we were involved in GreenEarth, and as such we are delighted to have been chosen as an authorised supplier of Silclean 100 cleaning fluid, and soon we will be expanding in to other products complimenting GreenEarth.

#### **Stelco Market and Products**

Stelco manufactures and markets a diverse range of some 160 product lines to industries including, Dry Cleaning, Industrial Laundry, Textile/Carpet manufacturing and other specialized Industrial applications.

Stelco also represents a number of international companies in addition to GreenEarth including: INEOS Chlor Ltd U.K. Stephenson Thompson Textile Chemicals; and 3M (select products).

Operating primarily throughout Australasia, Stelco has been successful in developing significant exports of specialty manufactured products, in recent years into China, Hong Kong and Taiwan.

#### **About GreenEarth**

GreenEarth® Cleaning Australasia is designed to differentiate your business from the general dry cleaning industry and to provide a process and products that are "good for everybody".
